

Thank a Teacher Program

Students at USC often express how instructors make a positive impact on their life. The **Thank a Teacher Program** provides a way for students to recognize instructors and teaching assistants who go the extra mile, challenge and inspire them, and make a difference in their educational journey.

*thank
you*

The Center for Teaching Excellence invites students to complete a **Submission Form** to send a note of appreciation to an instructor or teaching assistant (TA). You can thank as many instructors as you want. Submissions can be made anonymously. The Center for Teaching Excellence will send a formal letter, that includes your note, and a certificate of appreciation to the individual(s) whom you select.
